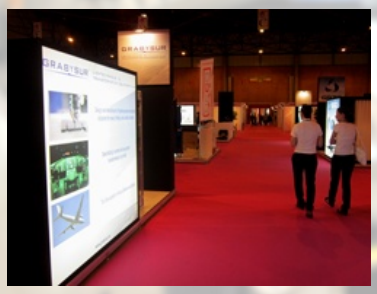
Grabysur attends a new edition of ADM Seville

Grabysur will participate in this international event to show its products and technological solutions for the aeronautical sector



Grabysur will participate in ADM Seville 2016, the most important international meeting for businesses in the aerospace and defense sector, which will take place in Spain and will bring together OEMs and aerospace companies of the industry. This will be the third edition in which Grabysur participates, the perfect forum for a better commercial projection and business opportunities for the companies.

Grabysur has its own 24 m2 stand in the fair, where to hold business meetings with partners and clients, and establish contact with foreign companies and national associates. Our business will present its wide portfolio of products and technological specialized capacities in the production of illuminated panels and the transformation of night vision equipment (NVIS) for aircraft cabins, which is an area in which it has position itself as an European reference and as a direct provider to Airbus Defence & Space.

It will announce its new business lines as a focus point in design and manufacturing of aircraft components and on-board communication systems (illuminated keyboards, bezels) or in developed systems for aircraft simulators.
ADM Seville, which will take place on May 10th to 13th in FIBES, will be organized by the Junta de Andalucía, through the Regional Ministry of Employment, Business and Commerce, and the firm ABE-BCI. The event supported by large contractors and Spanish Tier 1 like Airbus, Alestis, Aernnova and Aciturri.

Likewise, it receives institutional support from the principal entities and institutions of the the sector, like HELICE Cluster Aeroespacial Andaluz HELICE, TEDAE (the Spanish Association of Technological, Defense, Aeronautics and Space companies), The Spanish Institute for Foreign Trade (ICEX), the Technology Parks Aeropolis and Tecnobahía, and the Center for Advanced Aerospace Technologies (CATEC).

The event foresees the assistance of over 450 businesses from 28 countries coming from all over the world, and will hold about 8,000 meetings and business interviews. In addition to the mentioned businesses, other companies like Boeing, Bombardier and Embraer, and contractors like Safran, Dassault, Denel, Fokker Technologies, General Dynamics, Israel Aircraft Industries, Snecma; Stelia Aerospace; Turkish Aerospace Industries; Zodiac or Tecnobit (Oesia Grupo) will attend ADM, too.
